

- **Have you, your child or sibling been admitted to a Paediatric Intensive Care Unit in the last 10 years?**
- **Would you like to help shape future research in Paediatric Critical Care (PCC)?**
- **Are you over 18 years of age?**

If you said **yes to all 3 questions**, you are invited **to join** the
PCC Research Patient and Public Involvement & Engagement (PPIE) Group

What could you be doing and how?

- * Activities could include helping review trial objectives, checking the way it is being designed is acceptable and ensuring trial information leaflets & materials are clear and understandable
- * Participation in any activity or meeting is voluntary.
- * Meetings and activities (max 4 per year) will take place mostly online

To join the **PCC Research PPIE Group** please complete this form,
<https://forms.office.com/e/tDctgatXTe>

You will be asked:

- * Your full name and contact e-mail address
- * Topics /areas of interest
- * Preferred PPIE activities to be involved in

This information will only be used to contact you about potential meetings and activities.

Further information about this national PPIE group can be found here,
https://pccresearchincubator.org.uk/wp-content/uploads/2025/05/PCC-Incubator-PPEI-ToR-V5.0-15.05.2025_Final.pdf.

If you have any questions please e-mail PCCResearch@imperial.ac.uk
